

The title card features a light green background with a repeating pattern of various garden items including pumpkins, leafy greens, flowers, and herbs. The title 'GreenStalk garden' is in a green, rounded font, with 'garden' in a smaller size. Below it, 'Plant Planner' is written in a large, dark green, cursive script.

What's in this guide:

Refer to page 2 for ideas of what to plant. This is just a short list — you can grow almost anything in a GreenStalk!

The lists are divided between the Original and Leaf planters. The Leaf is great for smaller plants such as leafy greens and herbs, however anything grown in the Leaf can also be grown in the Original. Most plants do best with 1 per pocket. The plants marked with an asterisk (*) can have more per pocket.

Use the chart on Page 3 to list out everything you're thinking of planting. Then use the templates on Pages 4-7 to figure out what goes where!

Planting Tips:

- **Only use soil labeled as potting soil or potting mix.** DO NOT USE raised bed soil, garden soil, or top soil. **Fill soil all the way to the top.**
- Original Planter: 8 gal (1 cu ft) potting mix per tier
- Leaf Planter: 6 gal (.75 cu ft) potting mix per tier
- When planting a mix of plants in a single GreenStalk, place smaller plants on the top tiers and larger plants on the bottom.
- Take care not to pack soil into planters.
- We're here to help you grow! If you have problems, please email us at support@greenstalkgarden.com.

Leaf

Fill each tier with .75 cu ft **high quality potting soil**.
Each planter is 7" deep, which is great for plants with shallow roots like:

<i>Alyssum</i>	<i>Garlic</i>	<i>Parsnip*</i>
<i>Arugula*</i>	<i>Kale</i>	<i>Pea*</i>
<i>Basil</i>	<i>Lavender</i>	<i>Radish*</i>
<i>Beet*</i>	<i>Lemon balm</i>	<i>Rosemary</i>
<i>Bok choy</i>	<i>Lettuce*</i>	<i>Sage</i>
<i>Bush bean*</i>	<i>Marigold</i>	<i>Spinach*</i>
<i>Carrot*</i>	<i>Mint</i>	<i>Strawberry</i>
<i>Chives</i>	<i>Onion</i>	<i>Swiss chard</i>
<i>Cilantro</i>	<i>Oregano</i>	<i>Thyme</i>
<i>Dill</i>	<i>Pansy</i>	<i>Turnip</i>
<i>Fennel</i>	<i>Parsley</i>	

Original

Fill each tier with 1 cu ft **high quality potting soil**.
Each planter is 10" deep, ideal for larger plants like:

<i>Broccoli</i>	<i>Eggplant</i>	<i>Squash</i>
<i>Cabbage</i>	<i>Kohlrabi</i>	<i>Sweet potato</i>
<i>Cantaloupe</i>	<i>Leek</i>	<i>Tomato</i>
<i>Cauliflower</i>	<i>Mum</i>	<i>Watermelon</i>
<i>Coleus</i>	<i>Nasturtium</i>	<i>Zucchini</i>
<i>Corn (dwarf)</i>	<i>Okra (dwarf)</i>	
<i>Cucumber</i>	<i>Pepper</i>	
<i>Dianthus</i>	<i>Petunia</i>	
<i>Dusty Miller</i>	<i>Potato</i>	

Planting ideas

These are just a few of the many plants that you can grow in a GreenStalk! Anything grown in a Leaf can also be grown in an Original.

These lists are based on what we've tested, but many people have grown plants on the Original list in the the Leaf with success. Grow the garden you want to grow!

Plant most plants 1 per pocket. Plants with an * can be planted 3+ per pocket.
